Summer brings a time of relaxation and vacation mode for many, so it's not surprising that June is one of the most popular wedding months, with 13 percent of couples

marrying in June. Summer is actually the second most-popular season for weddings, and 31 percent of couples marrying in the summertime. June temperatures tend to be a bit milder than steamy July and August, so it's no wonder that couples choose this month for summer soirees. In fact, in 2015, June was the most popular month for weddings!
