The Romans referred to the dog days as *diēs caniculārēs* and associated the hot weather with the star Sirius. They considered Sirius to be the “Dog Star” because it is the brightest star in the constellation Canis Major (Large Dog). Sirius is also the brightest star in the night sky. The term “Dog Days” was used earlier by the Greeks (see, e.g., Aristotle’s *Physics*, 199a2).

The Dog Days originally were the days when Sirius rose just before or at the same time as the sun (heliacal rising), which is no longer true, owing to precession of the equinoxes. The Romans sacrificed a red dog in April to appease the rage of Sirius, believing that the star was the cause of the hot, sultry weather.

PRESIDENT'S MESSAGE

Graduation season has ended and we have attended 16 graduations. The Houston area now has 166 new dancers. Congratulations to all of you. Make sure you welcome them into your square.

We had a great time at the State Festival in Tyler. The HSRDC displays turned out nicely. We got to dance and visit with friends from around the state for 3 days, and we attended the Federation meeting on Sunday. We were not able to travel to Little Rock, but we know that Houston was well represented.

Now that the State Festival and Nationals are behind us, we are beginning to work in earnest on the Houston Hoedown. Wade Driver is working on the Saturday Workshop schedule. We should have something for everyone, including our new dancers. We hope to have it ready sometime in August. We are working on the entertainment for Saturday afternoon and arrangements for Moody Gardens. Don't forget to register. We would love to see everyone there.

We hope to C U Round in a Square,

*Jerry & Linda
Edwards*

TROUBLESHOOTING TIPS

If you know of someone having problems downloading or viewing the on-line *WHERE 'N WHEN*, please share these troubleshooting tips with them. One of the following options should work:

1. Save the file to your computer. Right click the link on the web page. Click Save Target As.....then choose a location that you will remember such as your desktop. Open the saved file.
2. Open the file directly in the reader. Open Acrobat Reader, click Edit, Preferences, Internet and deselect the option to open in browser.
3. Adobe Reader and Internet Explorer do not always play well together. Download Mozilla Firefox or Google Chrome and use that as your browser.
4. Change the security settings in Adobe Reader to deselect enhanced security (Edit, Preferences, Security, deselect Enable Enhanced Security).
5. Use another PDF reader, such as Foxit at www.foxitsoftware.com.

These issues are not uncommon and are documented in Adobe forums.

If none of these tips work, please e-mail wherenwhen@outlook.com and we will e-mail you the file.
