PRESIDENT'S MESSAGE

As the days of summer have passed us by and we look for shorter days and cooler nights, we are rapidly approaching the end of the year. The summer seemed to go by fast with State and Nationals in June and the Teen Scholarship dance in July. In addition, many of us attended special dances held by several clubs. We still had Anniversary dances, Graduations, special theme dances and the ever so many great Ice Cream specials. We not only enjoyed each event but were truly delighted in seeing dancers from various clubs come together and enjoy each other. Another delight was watching clubs work together as they shared the responsibilities for the night's work. This is the way HSRDC has managed to dance for 65 continuous years. We may not have the number of clubs and dancers of

years past, but it is with these concerted efforts that we will continue for years to come.

Don't rest your feet! We still have dances to go! There are several clubs that will have Anniversary dance that you will want to support. And then of course we have the Hoedown on November 8 & 9 in Conroe. All efforts are being made to provide all dancers with a fun and eventful time. The schedule begins Friday with a "Beat the Rush" dance from 3:00 to 4:30 in the main hall. Early rounds will begin at 6:30 followed by 8 tips of squares and rounds in between. The National Clogging winners-Texas Lovin' Cloggers- will grace us with some of their 'work'. Friday night "After Party" will be held in the host hotel- Fairfield Inn & Suites Marriott -and hosted by HSRDC clubs.

A schedule of events for Saturday can be located in this Where N When . There are opportunities for all dancers: level 4/5 rounds, level 3/4 rounds, intro to rounds, lines, mainstream, plus, advanced, advanced 2, teens, Hi energy, Intro to Advanced and DBD, AND any WANNA B CALLER. That is right! A session for any person that wants to try their hand at calling can do so. This is open to persons that have not gone through callers lessons. Contact Roxie or Bruce at 713-203-5877 or 713-805-3593, to see if you qualify for this. At 1:00 on Saturday, A VIEW OF THE PAST, will be presented.

Saturday night's schedule will feature our guest caller and cuers—Hunter Keller and Randy and Marie Preskitt. The evening will end with an after party on stage. This will be "A Tribute to God and Country" with singers: Jay Flowers, Jennie Howard, K.O.Jeanes, Hunter Keller, Pat and Joy Kotal, Stu Ringer, and Alvin Richard.

In addition to these opportunities we will be blessed to have Pat Barbour as our Master of Ceremonies and Alvin Richard to sing the National anthem both nights. Our own veterans will be our color guard for Saturday.

Come join us as we honor HSRDC present and past with

HEARING ASSIST UNITS

A number of clubs, callers and cuers use hearing-assist systems. These systems consist of a transmitter that's hooked up to the sound system and receivers with ear-bud or ear-speaker worn by dancers. Dancers can purchase the receiver for around \$100.00 to \$160.00 depending on the model. The caller/cuer typically transmits voice signal (this is what most dancers who are hearing-impaired have trouble picking up).

The following clubs are use hearing-assist systems:

| | | |
|------------------------------|--------------------|----------------|
| Brazos Bottom Belles & Beaus | Frontier Squares | Hanger Squares |
| Hey Lollies | Strawberry Squares | |
| Carousel Club #228 | Sunday Stylers | |

The following callers/cuers are using hearing-assist systems:

| | | |
|----------------|---------------|--------------|
| Mark Prow | Garland Smith | Brice Hesche |
| Randal Diamond | | |

An assistive listening system makes a wireless, electronic connection between the sound source and your ear. This "bridging" effect eliminates the effects of distance, background noise and reverberation so that you can hear and understand better; it's like having the sound source right next to you. If you are in the back of the room, the sound volume can be adjusted at your ear to be as loud as you want, without increasing the loudness of the background noise in the room. Even if the room is noisy or very reverberant, you should still be able to hear clearly, since the listening system is bypassing all the acoustical conditions in the room.
